Portfolio Zalesny

The art of image editing. Precise and punchy.

Image Editing
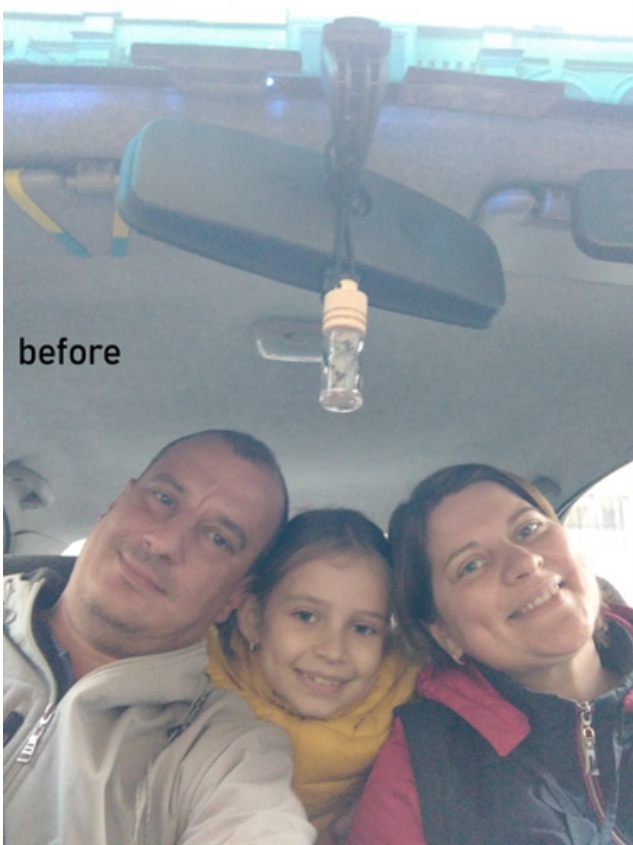

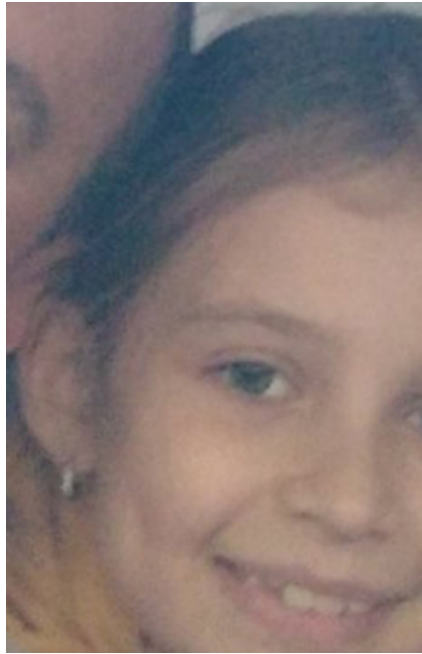

Oleksiy Zalesny

(Artificial intelligence operations within Photoshop are based on the Adobe Sensei machine learning.)

### AI-supported removal of irrelevant objects

Image enhancement (noise reduction, sharpening, color correction)

**Objects' embedding**

Van Gogh's "Sower" embedded:

Lynn van Sgier as a Sower

"Zürimanjaro":

Kilimanjaro in Zurich

"Erzwingli or image Reformation":

Ulrich is back

ULRICH
ZWINGLI

"I am the art" (multiple light sources' shadows):

"The Kasperli Liberties":

"Afterbouldering" (dog cone integration with translucency and shadows):

"This is not Giacometti":

**Virtual sand drawing (complex image edge filtering and calculations)**

Seamless realistic image-into-image integration with facial expression change
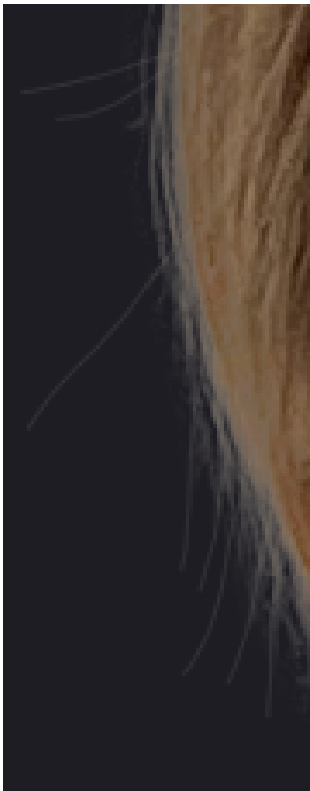

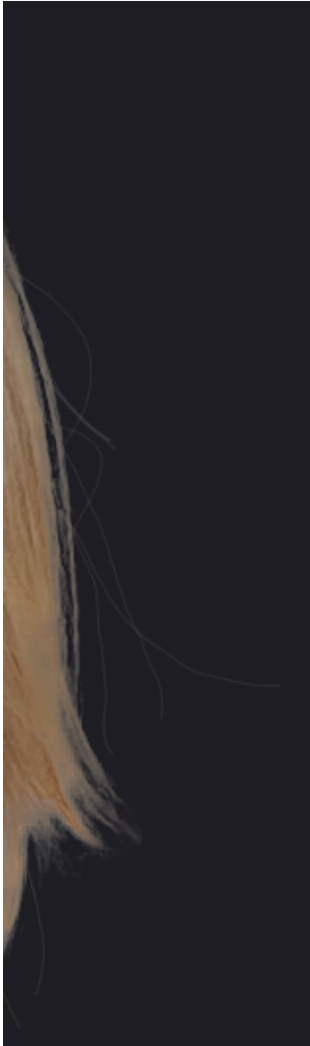

"100$-Mona Lisa" (puppet warp):

"Albert Einstein. The smile is relative." (facial deformation with the Ps Liquify filter):

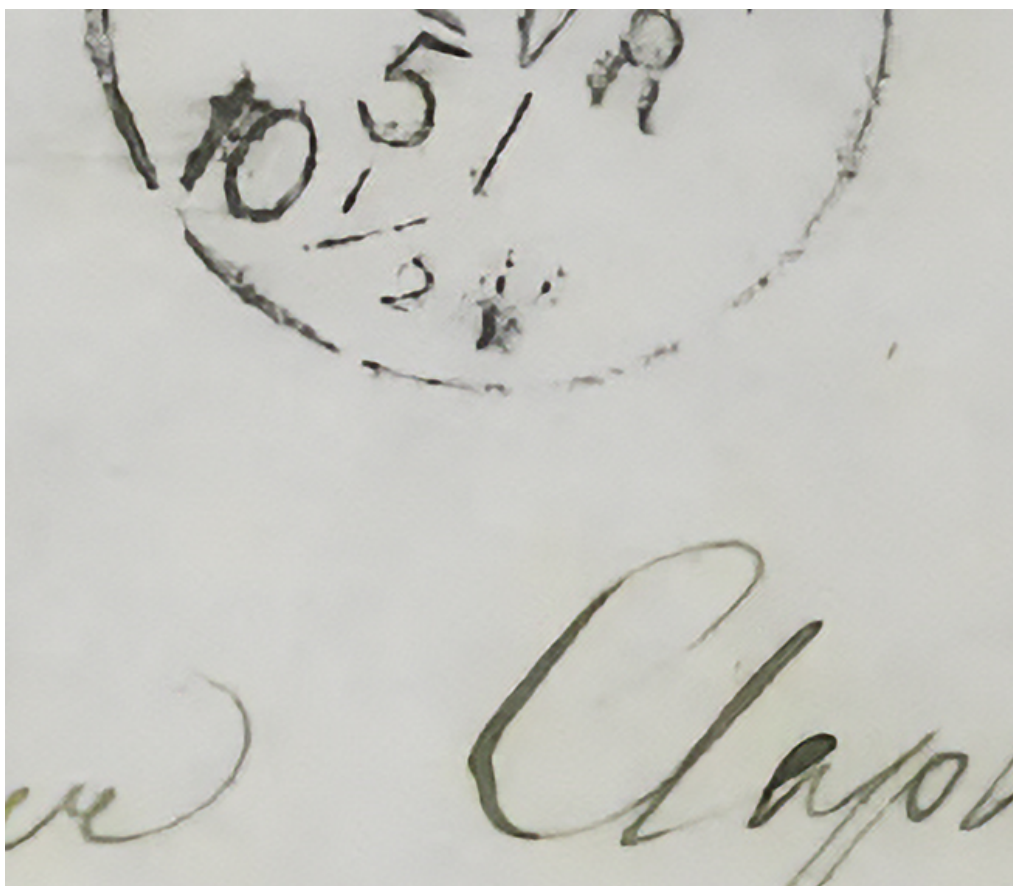

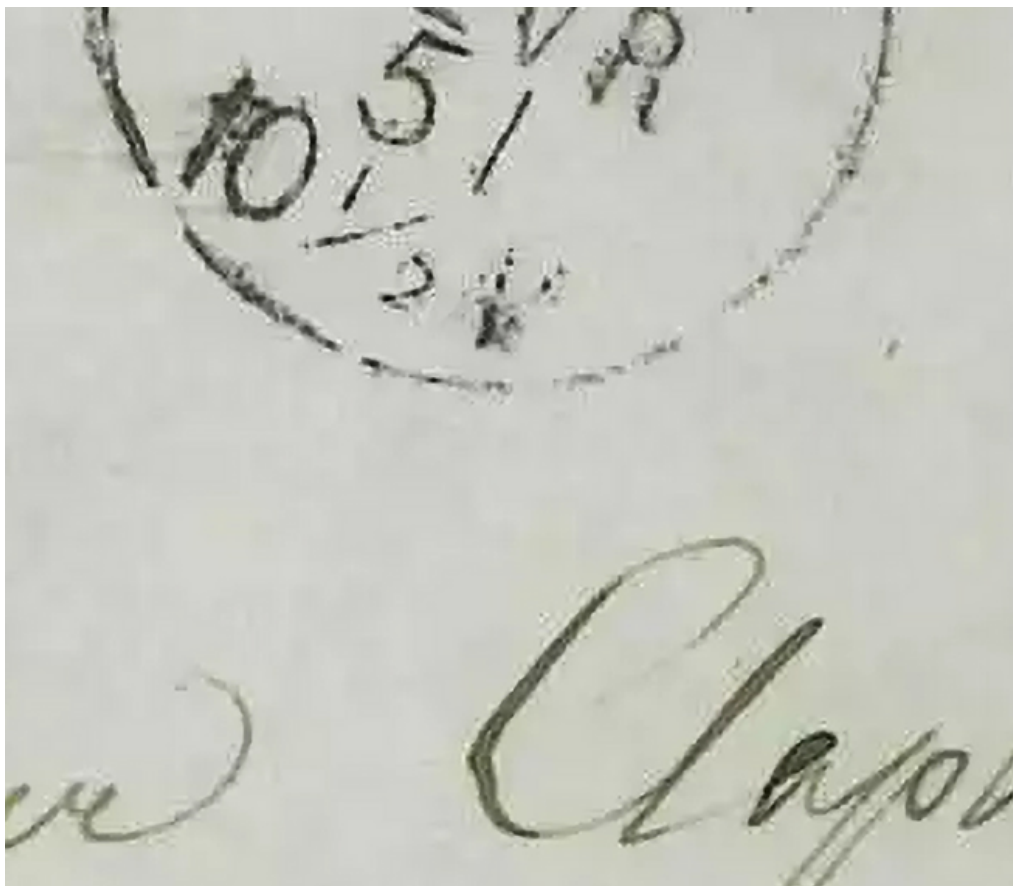

Zalesny. Die Kunst der Bildbearbeitung.
Präzise und ausdrucksstark.

AI-supported image cut out with manual postprocessing

JPEG artifacts' removal (neural filters)

Reflection removal

AI-supported art photography from street scenes

before:

after (from yellow frame above):

**Neural coloring, deformations, shadowing**

(for the miniatures "Kozak Mamay" http://mamay.ch):

Мамай і Сальвадор Далі | Mamay and Salvador Dali
міряються вусами | measure their mustaches

"Thinking is explosive" (grenade texture transfer, shadowing):
